

**O**nly 12 years ago, four young, energetic lawyers left a large law firm to establish their own vision of excellence. Today, Traub Lieberman Straus & Shrewsberry LLP is a nationally respected practice, providing counsel to the insurance industry and its insureds, as well as defense and management of complex, multidistrict litigation.

"We handle problems for clients, not just a case," says Meryl R. Lieberman, a founding partner. "We strive for perfection in all that we do."

That focus on the big picture and attention to detail are only two of the reasons Lieberman and fellow founding partner Richard K. Traub were named to the *Super Lawyers*<sup>®</sup> list.

Today, there are 40 attorneys in offices in New York, New Jersey and Florida working diligently for clients across the country.

"At any given time we have two lawyers in the air and five lawyers in court

while at all times striving for creative solutions and options to litigation," Lieberman says.

The firm's culture is casual, a place where collegiality, openness and high spirits are nurtured. But Traub Lieberman's emphasis on top-quality work is serious business.

## **CREATIVE SOLUTIONS AND EXCELLENCE**

"Our clients stay with us because we learn and know their industry," Traub says. "Our goal is private practice at its highest level."
