In recognition of the Insurance Industry Charitable Foundation Month of Giving, members of Traub Lieberman's Chicago office joined together to volunteer in support of Inspiration Corporation, a local non-profit which distributes food and other supplies to those in need in Chicago. The Traub Lieberman group prepared 150 lunches for Inspiration Corporation, which were then provided to the organization for distribution. The event was arranged by firm Partner Anthony Hatzilabrou.

Traub Lieberman holds a strong commitment to serving our communities, and the firm regularly engages with opportunities to support the charitable work of local organizations.
